

Home Care Packages explained: **5 steps to setting up a Government-funded package**

Follow these 5 simple steps to set up your home care package:

-  1. Give Prestige Inhome Care a call on **1300 10 30 10** and we'll guide you through the process.
-  2. If you are seeking Government funded support for in-home care, you need to book an Aged Care Assessment. Go to **www.myagedcare.gov.au/referral**, and follow the prompts, or call My Aged Care on **1800 200 422**.
-  3. You will next receive a letter from My Aged Care which states what Home Care Package you are eligible for and your priority level. This letter confirms you are now on the government managed national waiting list.
-  4. What's next? You will receive a second letter indicating when your Home Care Package is 90 days away. Once you receive this letter it's best to complete the Aged Care Fees Income Assessment form.
-  5. Once approved for a Government Home Care Package, talk with a **Prestige Inhome Care** Case Manager and let us work with you to develop a plan that best suits your needs.

Do you already have a home care package and are looking to switch to Prestige? Simply call us on **1300 10 30 10** and we can assist with the process.

What's the cost?

How much will the government provide me for my care?

Depending on the assessed need for the individual, the levels of Government funding available are as follows:

Level 1 = \$8,928 p/year **Level 3 = \$34,175 p/year**
Level 2 = \$15,706 p/year **Level 4 = \$51,808 p/year**

Government funding is a subsidy which has rules about how it can be spent and how much you can spend.

Subsidy rates are accurate, as of July, 2020.
