

Are you making the most of your Home Care Package?

Are you worried about excessive Home Care Package fees?

Many providers charge up to 35% of your Home Care Package level in admin fees. At Prestige Inhome Care we only charge 29% in fees.

Less administration fees, means more funds available for your services, equipment and ongoing support.

Home Care Package (HCP) and the fees involved can be confusing. With each HCP service provider charging different fees, it is difficult to know if you are getting the most out of your HCP funding.

Recent government changes now allow you to move your package over to another provider at any time. This transfer process is now easier than ever and ultimately gives you more control over how your money is spent.

How we compare. . .

Our Care Management Fees compared to Maximum *per fortnight

	PRESTIGE	MAXIMUM
Level 1	\$52.78	\$70.42
